Comments Report

6. OVERALL/COMMENTS

6.1) What did your Instructor do to make this class a good learning experience for you?

- Gave some basic drawing fundamentals.
- He gave good feedback which was really helpful.
- He reviewed student work in the class as well as showed us previous semester student work so we knew what to do.
- Made lecture videos, had relevant and helpful class exercises
- Professor Taylor always reviewed our work and showed us where we needed to improve. He offered us constructive feedback and helped with in class labs so we could improve.
- Provided templates and guides for all assignments which made the process of starting an assignment easier. He also did a great job using in-class exercises to help develop the skills you would need for each assignment.
- The checking in on our progress has been helpful for holding me accountable and not procrastinate on projects
- The instructor was always willing to help and be available to his students and does his best to teach us even when there are things getting in the way. You can tell that he really is doing his best.
- The videos he made to explain the assignments were pretty cool to watch and helped me understand the projects.
- he taught the material in a cool way that allowed us to be creative

6.2) What could your instructor do in the future to make this a better class?

- A few more in-class exercises would help students who are not artistically inclined like myself.
- Explain or provide examples for the sketchbook prompts.
- Im not sure, his class was interesting and fun.
- Nothing comes to mind.
- Put the classes difficulty in line with a beginner class.
- The only thing I struggled with was the group project, but that was more on my end then anything to do with Professor Taylor.
- more feedback at the end of projects would be helpful

6.4) **IMPORTANT:** Please give at least one reason to justify your rating.

- He provided a lot of the information we needed and gave student examples for the projects and also gave feedback to everyone who needed it.
- I felt that I understood the material very well from his instruction.
- I honestly feel he does an amazing job teaching this class. Even with a multitude of difficulties in my private life this semester, I was able to come in and get work done due to how well he has organized this class.
- I look forward to class every time. He made class fun. Also he gave good feedback.
- I very much enjoy the professor and the way he has organized the course
- Professor Taylor is a great teacher with helpful lectures, projects that each add something to the next and it is understandable why we do them in a certain order.
- The class is fine. It really feels like you need an art background to succeed.
- The material is really well taught and classes are well organized
- The professor goes over things with us in ways like labs and also gives us homework/assignments based on things we do in class and he's helping us improve. And he also gives us each individual feedback on assignments.

- he makes sure everyone understands the current assignment and takes the time to explain the assignment in a way that is easy to understand

6.5) Is there anything else you would like to add?

- He is a great teacher and I am only disappointed other student won't get to learn from him in the future.
- I am very disappointed in the administrations decision to let go of Professor Taylor
- I highly recommend him as a teacher.
- No.
- This class was way to difficult for a class you have to take as a game design major.
- Wish he could keep teaching at Chico.
